

PANDA CLASS LETTER 27th March 2020

Dear Panda Class,

I hope you've had lots of fun in the sunshine this week, and have been enjoying the tasks I've set on ConquerMaths and Spellzone, as well as the reading and writing.

Do keep in touch by emailing the office with PANDA CLASS in the subject line; I'm really enjoying reading about what you've been up to. I've started to play the piano again, and am hoping to learn some Disney tunes.

This week's optional extras

Writing

What kind of story might this picture inspire you to write?

Maths

<https://www.topmarks.co.uk/maths-games/hit-the-button> is a good resource for quick fire maths practice, especially for times tables.

Science

Can you find a flower in your garden to draw and label all the parts?

Outdoor learning

The Scouts have lots of exciting ideas for activities we can do both indoors and outdoors. How about making a hedgehog? <https://www.scouts.org.uk/activities/the-leafy-hedgehog/>

Independent learning projects

There are lots of yummy Easter recipes on here. If you cook the Easter biscuits, why not try to work out how much of each ingredient you would need to make 36, or 180 of them?

<https://www.bbcgoodfood.com/recipes/collection/easter-kids>

P.E. How about trying to do activities based on your name? (See attached sheet **Fun Activities A-Z**) I've just had a go at doing "Steve", I think he was very confused to see me walking like a bear!

Have a great week!

Ms. Osborne
